MINUTES OF PROCEEDINGS, 1974 i

MINUTES OF PROCEEDINGS, 1975 v

THE LARVAL DEVELOPMENT OF *Pyura stolonifera* (TUNICATA). By ROBERTA J. GRIFFITHS, Oceanographic Research Unit, University of Cape Town . 1

A SIMULATION MODEL FOR THE POPULATION DYNAMICS OF THE JACKASS PENGUIN. By F. JACKSON, Dept. of Applied Mathematics, University of Cape Town, W. R. SIEGFRIED and J. COOPER, Percy FitzPatrick Institute of African Ornithology 11

REPRODUCTIVE ECOLOGY OF THE LAMP URCHIN *Echinolampas crassa* (BELL), 1880 FROM A SUBTIDAL BIOGENOUS RIPPLE TRAIN. By ALAN B. THUM and JOHN C. ALLEN, Dept. of Zoology, University of Cape Town 23

PALAEOGENE OSTRACODS FROM THE CONTINENTAL SHELF OFF NATAL, SOUTH AFRICA. By R. V. DINGLE, Dept. of Geology, Marischal College, Aberdeen, Scotland 35

ION DYNAMICAL CORRECTIONS TO THE HOLTSMARK THEORY OF SPECTRAL LINE BROADENING. By JOHN D. HEY, Dept. of Physics, University of Cape Town 81

EVIDENCE FOR A PHEROMONE IN THE SOUTH AFRICAN ROCK LOBSTER, *Jasus lalandii* (H. MILNE EDWARDS). By SANDRA RUDD, Fishing Industries Research Institute, University of Cape Town, and F. L. WARREN, Natural Products Research Laboratory, University of Cape Town 103

CALCAREOUS NANNOFOSSILS IN PLEISTOCENE SEDIMENT CORES FROM THE SOUTH AFRICAN CONTINENTAL SLOPE. By WILLIAM G. SIESSER, Dept. of Geology, University of Cape Town 107

A NUMERICAL ANALYSIS OF THE DISTRIBUTION OF A SHALLOW SUBLITTORAL SAND MACROFAUNA ALONG A TRANSECT AT LAMBERTS BAY, SOUTH AFRICA. By N. D. CHRISTIE, Dept. of Zoology, University of Cape Town . . . 149

BIRD DIVERSITY IN RELATION TO VEGETATION TYPES IN THE MOREMI WILDLIFE RESERVE. By A. V. MILEWSKI, Percy FitzPatrick Institute of African Ornithology, and B. CAMBELL, Botany Department, University of Cape Town 173

A DISTANCE-MEASURING WHEEL FOR ESTIMATING SUBSTRATE SURFACE AREA. By A. H. FRICKE, National Research Institute for Oceanology, and A. B. THUM, Dept. of Zoology, University of Cape Town 185

A DEMOGRAPHIC MODEL FOR PREDICTING FUTURE HOUSING NEEDS. By S. R. SCHACH, Dept. of Computer Science, University of Cape Town . . 193

TOXICITY OF CADMIUM TO *Bullia digitalis* (PROSOBRANCHIATA: NASSARIDAE). By K. C. CUTHBERT and A. C. BROWN, Dept. of Zoology, University of Cape Town, and M. J. ORREN, National Institute for Oceanology . . . 203

A REVIEW OF A SYMPOSIUM ON RESEARCH IN THE NATURAL SCIENCES AT SALDANHA BAY AND LANGEBAAN LAGOON. By R. F. FUGGLE, School of Environmental Studies, University of Cape Town 211

PAGE

A Summary of the History of Human Settlement at Saldanha Bay. By Eric Axelson, Assistant Principal, University of Cape Town 215

Phosphorites from the Saldanha Bay Region. By G. F. Birch, Marine Geoscience Unit, University of Cape Town 223

The Vegetation of the Langebaan Area, South Africa. By C. Boucher, Botanical Research Institute, Stellenbosch, and M. L. Jarman, Botany Department, University of Cape Town. 241

Distribution of Benthic Macrofauna in Langebaan Lagoon. By N. D. Christie, Dept. of Zoology, University of Cape Town, and A. Moldan, Sea Fisheries Branch, Dept. of Industries 273

Geophysical Investigations in Saldanha Bay. By A. du Plessis and M. A. de la Cruz, Marine Geoscience Unit, University of Cape Town . . 285

Larval Development, Settlement and Growth of the Black Mussel *Choromytilus meridionalis* in the Saldanha Bay Region. By A. J. du Plessis, Fisheries Development Corporation of South Africa . . . 303

Distribution of Recent Sediments in Saldanha Bay and Langebaan Lagoon. By B. W. Flemming, Marine Geoscience Unit, University of Cape Town . 317

The Zooplankton of Langebaan Lagoon and Saldanha Bay. By John R. Grindley, School of Environmental Studies, University of Cape Town . 341

Studies in Palaeontology and Archaeology in the Saldanha Region. By Q. B. Hendey, South African Museum, Cape Town, and H. J. Deacon, Dept. of Archaeology, University of Stellenbosch 371

Phytoplankton Production in Langebaan Lagoon and Saldanha Bay. By J. L. Henry and S. A. Mostert, Sea Fisheries Branch, Dept. of Industries, and N. D. Christie, Dept. of Zoology, University of Cape Town . . 383

Conservation Management and Human Pressures in the Saldanha Region. By D. Hey, Cape Dept. of Nature and Environmental Conservation . 399

Spatial and Temporal Variations in Inter-tidal Animal Distribution at Langebaan Lagoon, South Africa. By Gillian M. Puttick, Percy Fitz-Patrick Institute of African Ornithology 403

Physical and Chemical Characteristics of Water in Saldanha Bay and Langebaan Lagoon. By L. V. Shannon and G. H. Stander, Sea Fisheries Branch, Dept. of Industries. 441

The Algal Flora of Saldanha Bay. By R. H. Simons, Sea Fisheries Branch, Dept. of Industries 461

Distribution, Abundance and Energy Relationships of Waders (Aves: Charadrii) at Langebaan Lagoon. By R. W. Summers, Percy FitzPatrick Institute of African Ornithology 483

A Preliminary Report on the Geochemistry of Recent Sediments in Saldanha Bay and Langebaan Lagoon. By J. P. Willis and H. H. G. Fortuin, Dept. of Geochemistry, University of Cape Town, and G. A. Eagle, National Research Institute for Oceanology 497
